PROVIDER NAME
ADDRESS

Dear Provider,

I write to advise you that for the 2021/22 financial year, Luton Council will be applying a 2.04% uplift for nursing, residential and domiciliary care provision in Luton. This has been calculated to cover the cost of inflation and the impact of the National Living Wage.

Due to the impact of the pandemic on the finances of Luton Council this is the maximum payment that we are able to offer. We will of course continue to support providers in line with the terms of any Government grants that may be passed to the Council for distribution.

Along with the standard rate, below are the provider specific uplifts that will be applied.

Service		**Rate 21/22**
Residential Non-Dementia		579.74
Residential Dementia		638.26
Nursing Non-Dementia		615.58
Nursing Dementia		678.58
Provider Under 65 PD Rate	Low	846.93
	Medium	978.67
	High	1,110.55

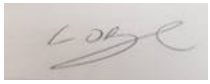
Please note that this increase only relates to Luton's standard rate of payment for services operating within the borough. There are separate arrangements in place for out of borough placements.

This uplift will appear in payment runs made on 28 May 2021 and will be inclusive of a backdated payment to Monday the 12 April 2021.

Luton

Finally, I would like to take this opportunity to thank you for your continued work with Luton.

Yours sincerely



Luke O' Byrne
