Dear ;

Re: Fees Increase 2020 / 2021

I write to inform you that the London Borough of Lewisham has now considered its position with regard to the uplift of fees for the current financial year 1st April 2020 to 31st March 2021.

The Council has taken into consideration cost pressures on providers, including the potential impact of the 6.2% rise in National Living Wage on your salaries budget.

The Council's position is to offer a 4% increase in care homes fees for 2020/21. This is in line with London Purchased Healthcare Team proposed increase for care homes which considers a range of factors including the cost of overheads, reasonable profits, salaries etc. in order to determine a fair offer for care homes which also achieves value for money for purchasers.

Please see the attached details of how this proposed increase relates to the Lewisham residents in your care.

Please indicate your acceptance of this offer by completing and returning the attached acceptance slip as soon as possible to the email address above, or by hard copy addressed to the Contracts Team at the address above.

May I take this opportunity to thank you in advance for your co-operation in this matter.

Yours sincerely

Heather Hughes
Joint Commissioning Lead,
Complex Care & Learning Disability.
